## *Subject Index*

### Valve, heart

#### aortic

ball-valve prostheses, follow-up evaluation, 166

stenosis, congenital, surgical repair of, 683

#### mitral

clamp for excision of, 109

cleft, management of in endocardial cushion defects, 416

left-sided cannulation of right atrium in surgery of, 601

#### replacement

aortic and mitral with caged-lens prosthesis, 499

aortic ball-valve, follow-up evaluation, 166

aortic prosthesis, preliminary report, 623

expulsion of ball from aortic prosthesis, 435

Magovern prosthesis, wrapping technique for, 617

mitral, experimental, with new disc valve, 485

mitral, sutureless, 474

mitral, using Gott-Daggett prosthesis, 464

prostheses and living tissues, EDITORIAL, 126

prosthetic surgery, complications of, 52

secondary implantation of mitral prosthesis, 208

thrombosis, prevention of in prostheses, 714

transvalvular infundibulectomy, useful instruments for, 621

Vasopressors in hypovolemic shock, 626
